## PROGRAMS:

RUNS INFORMATION -- Borobudur Interhash 2012 is raising the bar from previous Interhashes by focusing on the non-competitive cross-country running. The goody Event Souvenir Magazine provides more quantitative and qualitative data for each trail than in previous Interhash history; READ THE BOOK to make intelligent choices....then be at your bus in plenty of time.

- Total of 64 stretcher teams along 32 trails + the BB=Ball Breaker
- Total of 39 ambulances each with a driver and a doctor prepared for all but a volcanic eruption
- Maximum loading 150 hashers from the buses for each of the 32 trails
- Top limit of 600 for the BB even though only 207 have expressed interest as of 30MAR12
- Top limit of 150 for the Sunday Old Farts' Folly even though only 88 have expressed interest as of 30MAR12.....looks like there will be a real rush for those busses on Sunday!!!

BALL BREAKER (BB) SUPER LONG -- is a very curious phenomenon, which many have thought we have been keeping secret. Even though only 207 have registered interest in the BB, we had extreme pressure to raise our ceiling from 300 starters to 600 starters after seeing the popularity in Bandung's Pan Asia Hash 11NOV11. (Gentle Reader, This author has never attempted a BB in the last eleven consecutive Interhashes and this author is not qualified to assess BB@IH2012 to the BB@PAH2011.) However, the elevation charts covering the thirty (30) kilometers excluding false trails **AIN'T PRETTY !!** For those who successfully pass through the four authentication checkpoints going all the way to finish "next" to the Borobudur Temple, IH2012 will award a STUNNING full-print both-sides shirt which will distinguish the wearer as a true HERO. Remember to register for the BB in the Hash Bazaar. BB registration includes signing another even-stronger waiver form plus passing a perfunctory visual exam for fitness-to-attempt; those who fail may personally appeal to the TRAILMASTER EKO for his dispensation and his accepting responsibility for the hasher's welfare. Good Luck & InsyAllah !!! BTW-by the way, LONG BEAN, the Circle RA for the BB did a visiting fireman's trip here this month including checking out the BB trail; he did NOT finish the entire trail in a single day-----no souvenir garment; sorry.

TRANSPORTATION -- There has been a late-breaking commitment from local government authorities that there will be transportation alternatives available to anyone from SOC-Solo Central Java airport to HQ-Hotel Rich Jogja. Stand by to learn in next month's report or maybe FAQ #7 and/or E-mail Shot how to exercise this commercial and/or free service.

FAST-TRACK ELECTRONIC TICKETS -- 1,143 hashers, now removed from the ROUTINE REGISTRATION QUEUE, have been issued their tickets; one ticket to each hasher fully paid with waivers signed and full registration data submitted. Have you "ETA" registration status but not received your electronic ticket from the e-mail address in your registration record? YOU should contact us IMMEDIATELY in order to update your e-mail address for resending the electronic ticket.

The ELECTRONIC TICKET QUEUE promises check-in processing in less than 15 minutes. Only hashers with printed ELECTRONIC TICKETS plus their passports/KTP IDs may use the ELECTRONIC TICKET QUEUE. If your registration status ≠ "ETA", then surf to [www.interhash2012.com](http://www.interhash2012.com) linking to FAQ #24 in order to learn what you missed!! If you're from Indonesia or from Malaysia, check with your national Hash Council for their check-in processing programs.

PREEMPTIVE STRIKE -- to remove even more from the ROUTINE REGISTRATION QUEUE, IH2012 has also included a mass E-mail Shot to those hashers whose registration status = "MD" for money/data problems. We have sent to 104 hashers who may or may not know of their registration difficulties. This program solves differences before arriving so they may directly enter the ROUTINE REGISTRATION check-in queue and avoid queuing behind those with severe time-consuming differences and/or authentication issues. Unfortunately we were not able to contact "MD" hashers without e-mail addresses; if you know one, remind them to contact us with an e-mail address.

ELECTION FOR IH2014 -- Check out the [www.interhash2012.com](http://www.interhash2012.com) link to "Interhash 2014 Bidders" link to study the bidders' submittals. In compliance with the GMs Meetings IH2008@PER (21MAR08) and IH2010@KCH (02JUL10), the IH2014 bidders are required to provide formal intention to bid responding to six(6) topics demonstrating their qualifications to stage IH2014. Do your homework; an informed electorate is the best insurance for a future successful Interhash.

#### **SOUVENIRS:**

If seventeen (17) goody souvenirs per registered attendee were sufficient, then would eighteen **(18)** be better? Following the practice in the past nine monthly status reports, this month, we advertize even another component in the gigantic goody bag; another special and must-have souvenir for all hashers given at this Interhash is the silicon glass IH2012. As a realHasher certainly that you cannot drink beer out of your pleasure, either with your friend's fellow hasher, or you just enjoy a beer for yourself, so we do not forget to provide a special glass, which is 454 ml silicon glass with size and shape as a classic pint. And not forget we have boldly emblazoned our Borobudur IH2012 logo and also Bir Bintang logo as our sponsor for beer supplier in this event. Why so special? The glass is made from "food grade silicon" that are 100% safe for all ages, and in support of a greener world, it can be recycled; it's more than just a silicon glass. You can freeze it, bounce it, or even run over it in your car! You can't hurt this thing- better yet, it won't hurt you! No broken glass! There are more uses and benefits to take with you, anywhere and everywhere you want to go. This incredible unique glass certainly no both special and given to you if you join with us, as the Borobudur Interhash 2012 participants. For more detail, please check our web site [www.interhash2012.com](http://www.interhash2012.com) FAQ #25 on souvenirs.

Be sure to visit our kiosk in the HHH bazaar. ....Check out the full complement of our goody bag contents on our website [www.interhash2012.com](http://www.interhash2012.com) surfing to FAQ #25 about souvenirs.

#### **AND MORE:**

##### **TRAVEL TIP**

Your author on the last couple flights into the JOG-Yogyakarta airport has noticed more sensational views of surrounding volcanoes when in port/left-side window seats. Just an idea.

##### **HASH BAZAAR**

The HQ-Hotel Rich Jogja venue offers the centralized check-in registration and goody distribution services as well as one of two transportation hubs plus the beer garden and finally the Hash Bazaar. The Hash Bazaar offers 72 individual kiosk locations, equipped, for rent, for the entire event from Tuesday 22MAY12 through Sunday 27MAY12; go to [www.interhash2012.com](http://www.interhash2012.com) link to "Registration", then link to "Bazaar Registration" if you are interested in renting a kiosk. #### WHITE KNIGHT ARRIVAL

HENRY CHANDRAJAYA has accepted the position, "wakil". Whaz that??? Wakil is the Indonesian term for deputy. Even though hashing is about fun, fellowship and fitness, the Interhash activities focus on communication, coordination and cooperation in the languages of the guests and the hosts. That's what we desperately need....coupled with his cyber skills to assist the hopeless dinosaur Director of Operations. HENRY's fifteen year education and career in Oz-tralia followed by some running and drinking with the Bandung HHH2 have prepared him for contributing to this Interhash. PLEASE extend to him all you can in a spirit of hash-like devotion to this "impossible" task.

#### YOUR PARTICIPATION/CONTRIBUTION:

The Hash Acts on the Saturday night line-up now include the ever entertaining Hamersley HHH from Western Australia. We look forward to their fourteenth (14<sup>th</sup>) consecutive IH performance. The Hash Acts will respect the locals sooooo keep it relatively clean. OK, you can be a bit naughty, but we can't have nudity because we will be on the temple grounds. We don't want you arrested and doing jail time for the next few months. Nor do we want the same for the committee. The cutoff for Hash Acts registration is 11APR2012.

The Red Dress Run will be in the old colonial city of Magelang, away from the hustle and bustle of Jogjakarta. Your US\$32 Run fee includes transport to and from Magelang, a scenic 60 minute drive from Jogjakarta. There will be beer and soft drinks, a Red Dress Run red sarong souvenir, food and drink and a live band with dancing. All, and even last minute, registrations may be purchased in the Red Dress Run kiosk in the bazaar at HQ-Hotel Rich Jogjakarta until Thursday noon 24MAY2012 @ 11:30 WIB.
